4. STATE OF AFFAIRS & BUSINESS OVERVIEW (STANDALONE)

The Company primarily belongs to Ancillary Infra Industry and is engaged in the business of

- (i) manufacturing and trading of Bitumen and Allied products used heavily in infrastructure projects
- (ii) providing Logistics for Bulk Bitumen and LPG through its own Specialized Tankers and
- (iii) generates power through Wind Mills.

These businesses are of seasonal nature due to which revenue gets varied.

The management is optimistic about sustaining this growth trajectory by continuing to focus on operational efficiencies and exploring new market opportunities.

MANUFACTURING & BULK BITUMEN STORAGE FACILITIES

The Company's robust infrastructure network comprises the following:

Manufacturing & Storage Units: Strategically located at Taloja (Maharashtra), Belgaum (Karnataka), Baroda (Gujarat), Hyderabad (Telangana), Rangia (Dist. Kamrup, Assam), and Pachpadra City (Dist. Barmer, Rajasthan). Additionally, operations in Cochin (Kerala) are managed through the Company's wholly-owned subsidiary, Bituminex Cochin Private Limited.

Liquid Bulk Storage & Terminal Facilities: Positioned at key maritime and inland logistics hubs, including Mangalore (Karnataka), Baroda (Gujarat), Dighi (Maharashtra), and Taloja (Maharashtra), to facilitate high-volume bulk handling and seamless distribution.

BULK BITUMEN STORAGE FACILITIES TO FACILITATE IMPORTS

To optimize raw material procurement and efficiently scale its import-led sourcing strategy, the Company maintains a high-capacity network of bulk storage

terminals. These port-linked and strategic facilities enable the seamless handling, storage, and nationwide distribution of imported bitumen.

Our import logistics infrastructure includes:

Company-Owned & Maintained Terminals: Located at critical maritime and logistical hubs, including Dighi (Maharashtra), Mumbai (Maharashtra), Vadodara (Gujarat), Hazira (Loading Facility, Gujarat), Mangalore (Karnataka), and West Bengal.

Strategic Outsourced Storage Facilities: Positioned at Karwar (Karnataka) and Haldia (West Bengal) to expand regional distribution reach and capitalize on localized infrastructure.

BULK BITUMEN TRANSPORTATION

We are the pioneers of logistics in Bitumen, which is predominantly used in road construction business. It can be procured either in bulk or in packed form. In either case the product has to be dispatched to the construction site or to the storage facilities of our industrial consumers. The bulk bitumen is transported via specially designed tankers that are insulated and have pumping facility for loading and unloading the bitumen. Most of our Bitumen tankers are under contract with major oil companies in India like HPCL, BPCL and IOCL and by other major consumers of the product.

BULK LPG TRANSPORTATION

We are amongst the leading transporters of LPG in India, which is the most widely used fuel for domestic as well as industrial purposes. While we already own a large fleet of tankers, we also hire tankers on long term contracts to cater to the demand from customers LPG is mainly sourced from domestic refineries and via bulk imports. Bulk LPG is mainly transported from the source to the industrial user or to their bottling plants through specially designed tankers LPG, being highly inflammable, require tankers that take care of all safety aspects while loading, transporting and unloading. Most of the LPG tankers are under contract with major oil companies like HPCL, BPCL and IOCL.

POWER GENERATION THROUGH WIND MILLS

The Company has diversified into Non-Conventional energy generation by installing wind mills at Rajasthan and Maharashtra, keeping in view of the likely shortage of energy resources in future. Your Company has one Windmill at Dhulia, Maharashtra and one in Jaisalmer, Rajasthan.

AUTHORIZED SERVICE CENTRE OF ASHOK LEYLAND

We own a large fleet of tankers which necessarily calls for regular periodic checks and maintenance. As also, our entire fleet of tankers comes from the Ashok Leyland stable. Both these factors influenced our decision to set up an authorized service center, for Ashok Leyland vehicles, within the company. Not only does this ensure a timely turnaround of the fleet serviced but is an economically beneficial proposition for the company. We have our own workshop and maintenance facilities at strategic locations like Mumbai, Baroda and Jodhpur.

11. MATERIAL CHANGES AND COMMITMENTS AFTER THE END OF THE FINANCIAL YEAR

Current Matter:

- During transit, a portion of the consignment was stolen by the vehicle driver, resulting in a physical shortage of goods upon delivery. Consequently, the actual quantity received does not match the particulars declared in the accompanying tax invoice and e-way bill. In response to this discrepancy, the Company has filed a formal refund claim in respect of the goods stolen in transit.

Previous Matters:

- Since the previous Directors' Report, there has been no material changes and commitments affecting the financial position of the Company between the end of the financial year and the date of this Report except as stated hereinafter.
 - (i) As reported in the previous year's Annual Report, the Company received two Property Tax related Bills from Panvel Municipal Corporation with regard to its two Industrial Plots No.36 & 37 situated at MIDC Industrial Estate, at Taloja, Dist. Raigad, amounting to Rs 2,39,225/- & Rs 12,31,501/- respectively, calculated from retrospective years without giving adequate information and details. The similar Bills were issued to other units also. Accordingly, in this regard, a Civil Writ Petition has been filed by Taloja Manufacturers' Association (TMA) and its Members (our Company being a Member of TMA) jointly in the H'ble High Court of Judicature at Bombay against the State of Maharashtra & Others is still pending for disposal.
 - (ii) It may be recalled that in the previous Report, we had mentioned that Panvel Municipal Corporation (PMC) had raised LBT demand on erstwhile merged Company, Agarwal Petrochem Private Limited for the

period Jan-Jun 2017, which in line with others Petitioners, had filed a Writ Petition in the Hon'ble Bombay High Court, which as an interim relief has directed the PMC not to initiate any coercive action against the petitioners till the further orders. Accordingly, the actual financial impact of such demand are not known due to pending assessments and the status of the case remains the same. Till date, the matter is still pending for adjudication in the said H'ble Bombay High Court .

- (iii) The Asst. Commissioner of Customs, Kakinada had filed three Appeals with The Commissioner (Appeals), Customs, Central Excise and Service Tax, Guntur, after the Review Orders were passed by the Commissioner of Customs (Preventive), to set aside three Orders-in-Original, two dated 08.11.2017 and one dated 30.11.2017 respectively, passed by the Asst. Commissioner of Customs, Kakinada sanctioning thereby Special Additional Duty refunds aggregating to ` 86.55 Lakhs to the Company. The Commissioner (Appeals), Customs, Central Excise and Service Tax, Guntur vide its three Orders dated 29.06.2018, set aside all three Orders-in-Original passed by the Asst. Commissioner of Customs, Kakinada as stated herein above and allowed all three Applications filed by the Asst. Commissioner of Customs, Kakinada. In this regard, against the aforesaid three Orders passed by the Commissioner (Appeals), Customs, Central Excise and Service Tax, Guntur, your Company has already filed respective Appeals with the Customs, Excise & Service Tax Appellate Tribunal at Hyderabad and the matter is still pending.
- (iv) The Company received a notice from the Madhya Pradesh GST Authorities demanding tax penalty under Section 129(1)(a) of the CGST Act, demanding IGST amount to Rs. 123596 and penalty of similar amount aggregating to Rs. 2,47,192/- on the ground that the part B of e-way bill with regard to vehicle no. ANNEXURE - IV

MANAGEMENT DISCUSSION AND ANALYSIS

The disclosures presented in this Annexure—Management Discussion and Analysis (MD&A) are intended to promote transparency in the Company's financial performance during the year under review. The MD&A goes beyond the financial statements by examining the balance sheet, income statement, and cash flow statement to provide deeper insights into the factors influencing the Company's financial health and its prospects.

These disclosures help investors evaluate the Company more comprehensively and make informed investment decisions. Financial statements alone are not sufficient to assess current performance or predict future outcomes; narrative explanations are necessary to understand both performance and the operating environment. The MD&A fulfills this need by presenting both short-term and long-term analyses of the Company's business from management's perspective.

Certain statements in this discussion relating to projections, estimates, expectations, or outlook are "forward-looking statements." Actual results may differ materially from those expressed or implied due to factors such as changes in government policies and regulations, tax regimes, economic developments in India and in the countries where the Company operates, fluctuations in exchange and interest rates, competitive pressures, demand-supply constraints, and other macroeconomic conditions.

BITUMEN INDUSTRY SCENARIO*

Bitumen is an oil-based substance and semi-solid hydrocarbon product produced by removing the lighter fractions (such as liquid petroleum gas, petrol, and diesel) from heavy crude oil during the refining process. Composition of bitumen includes carbon (87-92%), hydrogen (6-8%), sulphur (~5%), nitrogen (1%), and oxygen (1%). It possesses physical properties such as adhesion, water resistance, hardness, and viscosity.

The bitumen industry operates at the intersection of crude oil refining, heavy logistics, and massive public infrastructure spending. While the global market sits at roughly \$60 billion, focusing on modernization and smart, sustainable binders, the Indian market functions as one of the world's fastest-expanding and most dynamic growth engines, valued at approximately \$3.4 billion to \$4.4 billion.

1. Global Market Landscape

- **Market Size & Growth:** Valued at approximately \$60.02 billion in 2026, growing at a CAGR of roughly 4.7% to 4.9%.

- **Regional Dominance:** Asia-Pacific is by far the largest and fastest-growing regional market, holding over 45% of global revenue, heavily propelled by Asian highway corridors and urban development.
- **Key Technological Shifts:** Developed economies in North America and Europe are rapidly migrating toward Polymer-Modified Bitumen (PMB), crumb-rubber modified asphalt, and climate-resilient mixtures to handle severe weather fluctuations and rising traffic volumes.
- **Sustainability Focus:** Stricter environmental rules are pressing international refiners to adopt lower-emission processing, cold-mix emulsions, and circular practices like Reclaimed Asphalt Pavement (RAP).

Indian Market Landscape

- **Market Size & Growth:** The Indian market is estimated between \$3.45 billion and \$4.57 billion, expanding at a steady CAGR of roughly 4%. Consumption volume hovers around 8.5 to 8.8 million metric tonnes (MMT).
- **Infrastructure Momentum:** Approximately 88% to 96% of domestic bitumen consumption is funneled directly into road construction. Mega-initiatives like the Bharatmala Pariyojana, PM Gati Shakti, and continuous expansions of national highways (surpassing 146,000 km) dictate baseline demand.
- **Regional Demand Hubs:**
 - o **North India** commands the largest share (~38%), driven by dense urban corridors in the National Capital Region (NCR) and major highway pipelines across Uttar Pradesh, Punjab, and Haryana.
 - o **West and South India** follow closely, supported by active industrial and coastal road projects connected via major domestic refiners like IOCL, BPCL, HPCL, and MRPL.
- **Product Preferences:** Viscosity-graded bitumen—particularly VG30—anchors the market (holding close to half the product share) due to its suitability for standard Indian climatic conditions, while Polymer-Modified Binders (PMB) are seeing fast adoption on high-speed expressways.

Comparative Challenges

Feature	Global Market	Indian Market
Primary Growth Driver	Infrastructure modernization & climate-resilient upgrades	Greenfield highway expansions & rural connectivity networks
Supply Chain Dynamics	Balanced regional refining setups with steady seasonal variations	Heavy reliance on domestic refinery yields augmented by structural imports; heavily influenced by contractor liquidity and monsoon pacing
Environmental Hurdles	Stringent carbon-neutrality mandates and strict PAH emission limits	Transitioning toward warm-mix asphalt, rubber-modified roads, and localized emission targets

India Bitumen Market Segmentation are:

The India bitumen market covered in the study includes paving grade bitumen, oxidized bitumen, polymer modified bitumen, and bitumen emulsions. By end-use industry, the market is classified into road construction (airports & runways and highways & express ways), waterproofing, and others. Region-wise, it is analyzed across North India (Uttar Pradesh, Rajasthan, Punjab, Haryana, rest of North India (Himachal Pradesh, Uttarakhand, Chandigarh, and Delhi)), East India (Bihar, Jharkhand, West Bengal, Odisha, and Andaman & Nicobar), Northeast India (Arunachal Pradesh, Assam, Tripura, Meghalaya, and rest of Northeast (Sikkim, Nagaland, and Mizoram)), and South India (Tamil Nadu, Karnataka, Andhra Pradesh, Telangana, Kerala, and rest of South India (Lakshadweep and Puducherry)), and West India (Maharashtra, Gujarat, Madhya Pradesh, Chhattisgarh, rest of West India (Goa, Dadra & Nagar Haveli, and Daman & Diu)).

The major key players operating in the India bitumen market include Indian Oil Corporation Ltd., Hindustan Petroleum Corporation Limited, Bharat Petroleum Corporation Ltd., Oil & Natural Gas Corporation Ltd., Total India, Tiki Tar Industries India Ltd., Agarwal Industries Corporation Ltd., Juno Bitumix Pvt. Ltd., Universal Bituminous Industries Pvt. Ltd., and Swastik Tar Industries.

OUR OPERATIONS – BUSINESS SEGMENTS

Agarwal Industrial Corporation Ltd (AICL) is an integral part of Ancillary Infra Industry and is engaged in the business of (i) manufacturing and trading of Bitumen and Allied products used heavily in infrastructure projects (ii) providing Logistics for Bulk Bitumen and LPG through its own Specialized Tankers and (iii) also generates power through Wind Mills. These businesses are of seasonal nature due to which revenue gets varied

MANUFACTURING OF BITUMEN & BITUMINOUS PRODUCTS

The Company's robust infrastructure network comprises the following:

Manufacturing & Storage Units: Strategically located at Taloja (Maharashtra), Belgaum (Karnataka), Baroda (Gujarat), Hyderabad (Telangana), Rangia (Dist. Kamrup, Assam), and Pachpadra City (Dist. Barmer, Rajasthan). Additionally, operations in Cochin (Kerala) are managed through the Company's wholly-owned subsidiary, Bituminex Cochin Private Limited.

Liquid Bulk Storage & Terminal Facilities: Positioned at key maritime and inland logistics hubs, including Mangalore (Karnataka), Baroda (Gujarat), Dighi (Maharashtra), and Taloja (Maharashtra), to facilitate high-volume bulk handling and seamless distribution.

BULK BITUMEN STORAGE FACILITIES

To optimize raw material procurement and efficiently scale its import-led sourcing strategy, the Company maintains a high-capacity network of bulk storage terminals. These port-linked and strategic facilities enable the seamless handling, storage, and nationwide distribution of imported bitumen.

Our import logistics infrastructure includes:

Company-Owned & Maintained Terminals: Located at critical maritime and logistical hubs, including Dighi (Maharashtra), Mumbai (Maharashtra), Vadodara (Gujarat), Hazira (Loading Facility, Gujarat), Mangalore (Karnataka), and West Bengal.

Strategic Outsourced Storage Facilities: Positioned at Karwar (Karnataka) and Haldia (West Bengal) to expand regional distribution reach and capitalize on localized infrastructure.

BULK BITUMEN TRANSPORTATION

We are the pioneers of logistics in Bitumen, which is predominantly used in road construction business. It can be procured either in bulk or in packed form. In either case the product has to be dispatched to the construction site or to the storage facilities of our industrial consumers. The bulk bitumen is transported via specially designed tankers that are insulated and have pumping facility for loading and unloading the bitumen. Most of our Bitumen tankers are under contract with major oil companies in India like HPCL, BPCL and IOCL and by other major consumers of the product.

BULK LPG TRANSPORTATION

We are amongst the leading transporters of LPG in India, which is the most widely used fuel for domestic as well as industrial purposes. While we already own a large fleet of tankers, we also hire tankers on long term contracts to cater to the demand from customers. LPG is mainly sourced from domestic refineries and via bulk imports. Bulk LPG is mainly transported from the source to the industrial user or to their bottling plants through specially designed tankers. LPG, being highly inflammable, requires tankers that take care of all safety aspects while loading, transporting and unloading. Most of the LPG tankers are under contract with major oil companies like HPCL, BPCL and IOCL.

POWER GENERATION THROUGH WIND MILLS

AICL has diversified into Non-Conventional energy generation by installing wind mills at Rajasthan and Maharashtra, keeping in view of the likely shortage of energy resources in future. It has one Windmill at Dhulia, Maharashtra and one in Jaisalmer, Rajasthan.

AUTHORIZED SERVICE CENTRE OF ASHOK LEYLAND

AICL owns a large fleet of tankers which necessarily calls for regular periodic checks and maintenance. As also, our entire fleet of tankers comes from the Ashok Leyland. Both these factors influenced our decision to set up an authorized service center, for Ashok Leyland vehicles, within the company. Not only does this ensure a timely turnaround of the fleet serviced but is an economically beneficial proposition for the company. It has also its own workshop and maintenance facilities at strategic locations like Mumbai, Baroda and Jodhpur.

FINANCIAL PERFORMANCE AND OPERATIONS

During the period under review, the Group's business operations continued to face significant challenges arising from the prevailing global geopolitical uncertainties, disruptions in supply chains and an increasingly volatile operating environment due to war in the Middle East. These external factors resulted in heightened input cost pressures, supply-side constraints and intensified competition across the industry, thereby affecting market pricing, margins and overall profitability of the Group. Despite these challenging

conditions, the Group continued to adopt prudent measures for effective cost management, operational efficiency and resource optimisation, while remaining focused on strengthening its business fundamentals and maintaining its competitive position. The Group remains committed to navigating these external challenges with resilience and pursuing sustainable growth and improved profitability in the periods ahead.

ANNEXURE VI

ANNUAL REPORT ON CSR ACTIVITIES FOR THE FINANCIAL YEAR 2025-26

1. A brief outline on CSR policy of the Company:

The Corporate Social Responsibility (CSR) activities of the Company are continued to be guided by the Vedik Mantra “Sarve Bhavantu Sukhinah, Sarve Santu Nirmaya” meaning “ALL SHOULD BE BLESSED AND HAPPY”. The vision and philosophy of CSR Policy embodies the concept of Trusteeship and common good, and lays the foundation for ethical, value based and transparent functioning. This philanthropic approach has taken the Company to higher levels of success and respect. The Company believes that the true and full measure of growth, success and progress lies beyond balance sheets or conventional economic indices. It is best reflected in the difference that business and industry make to the lives of people.

The CSR Policy broadly outlines the Company’s responsibility as a corporate citizen and lays down the parameters, guidelines and mechanism for undertaking activities for welfare & sustainable development of the community at large for common good.

The Company would carry out its CSR activities with the objectives of overall National and Community Development. At the same time the Company would give preference to the local areas around the locations where it operates in India like Jodhpur, Mumbai, Baroda, Belgaum, Hyderabad, Guwahati (work-in-progress), Jaisalmer, Dhulia, Taloja, Haldia, Karwar, Hazira and Mangalore etc. The Company would continue to undertake CSR activities to do overall good to the community with special emphasis on activities for the benefit of the poor and needy Sections of the society. In particular the Company will undertake CSR activities as specified in Schedule VII to the Companies Act, 2013 but presently focus is to the following:

- i. Eradicating hunger poverty and malnutrition, promoting preventive health care and sanitation and making available safe drinking water.
- ii. Promoting education, including special education and employment enhancing vocational skills especially among children, women elderly and the differently abled and livelihood enhancement projects.
- iii. Promoting gender equality, empowering women, setting up homes and hostels for women and orphans; setting up old age homes, day care centers and such other facilities for senior citizens and measures for reducing inequalities faced by socially and economically backward groups.

AGARWAL INDUSTRIAL CORPORATION LIMITED

AUDITED STANDALONE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED MARCH 31, 2026

INDEPENDENT AUDITOR'S REPORT

To The Members of **Agarwal Industrial Corporation Limited**

Report on the Standalone Financial Statements

1. We have audited the Standalone financial statements of **Agarwal Industrial Corporation Limited** ("the Company"), which comprise the Standalone Balance Sheet as at 31st March, 2026, and the Standalone Statement of Profit and Loss (including other comprehensive income), the Standalone Statement of Changes in Equity and the Standalone Cash Flow Statement for the year then ended and, notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2026, and its profit and other comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis of Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

5. The Key Audit Matter	How was the matter addressed in our audit
Revenue is one of the key profit drivers and is therefore susceptible to misstatement. Cut-off is the key assertion insofar as revenue recognition is concerned, since an inappropriate cut-off can result in material misstatement of result for the year.	Our audit procedures with regard to revenue recognition included testing controls, automated and manual, around dispatches / deliveries, inventory reconciliations and circularization of receivable balances, substantive testing of cut-off and analytical review procedure.

Information other than the standalone financial statements and auditors' report thereon

6. The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.
7. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
8. In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent

with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

9. The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance

with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

- 10 In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
12. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also :
 - Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error,

design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
13. Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

14. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
15. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
16. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

17. As required by section 197(16) of the Act, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.
18. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
19. As required by section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss including other comprehensive income, the Statement of

Changes in Equity and the Standalone Cash Flow Statement dealt with by this Report are in agreement with the books of account.

- d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act.
- e) On the basis of written representations received from the directors as on 31st March 2026, taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2026, from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Standalone Financial Statements.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has disclosed the impact of pending litigations as at 31st March 2026 on its financial position in note 37 of its standalone financial statements;
 - ii) The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses;
 - iii) There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Company;
 - iv) (a) The Management has represented that, to the best of their knowledge and belief, as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by

or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The Management has represented, that, to the best of their knowledge and belief, as disclosed in the notes to accounts, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under para (a) and (b) above, contain any material misstatement.

- v) The dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.

As stated in Note 16(A) to the Standalone Financial Statements, the Board of Directors of the Company have proposed dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with Section 123 of the Act, as applicable.

- vi) Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended 31st March, 2026 which has a feature of recording audit trail (edit log) facility.

Further, in accordance with the requirements of the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014, applicable with effect from April 1, 2023, the audit trail feature has been operated throughout the financial year ended 31st March, 2026, for all transactions recorded in the software, and the audit trail has not been tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Annexure B to the Independent Auditor's Report

Referred to as 'Annexure B' in paragraph 19(f) of the Independent Auditors' Report of even date to the members of **Agarwal Industrial Corporation Limited** on the standalone financial statements for the year ended on 31st March 2026.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of **Agarwal Industrial Corporation Limited** ("the Company") as on 31st March 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("the Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls over financial reporting. Those Standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material

respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial

Agarwal Industrial Corporation Limited

controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial

reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements for the year ended 31st March, 2026

1 (A). CORPORATE INFORMATION:

The Company, Agarwal Industrial Corporation Limited was originally incorporated with the name, Bombay Baroda Roadways (India) Limited in the year 1995 as a public limited company under the provisions of the Companies Act, 1956. Subsequently, in the year 2008, the name of company was changed from Bombay Baroda Roadways (India) Limited to Agarwal Industrial Corporation Limited. The equity shares of the company are listed on the National Stock Exchange (NSE) and Bombay Stock Exchange (BSE). The Company is principally engaged in the business activities of Ancillary Infra i.e. manufacturing and trading of Bitumen and Allied Products, Logistics of Bitumen and Liquefied Petroleum Gas (LPG) and energy generation through Wind Mills.

1 (B). MATERIAL ACCOUNTING POLICIES

1. Basis of Preparation of Financial Statements:

These financial statements are the separate Financial Statements of the Company (also called Standalone Financial Statements) have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting standards) Rules as amended from time to time and other related provisions of the Act. The financial statements of the Company are prepared on accrual basis of accounting and Historical cost convention except for the following material items that have been measured at fair value as required by the relevant Ind AS:

- (i) Certain financial assets and liabilities are measured at Fair value (refer note 7 below)
- (ii) Defined benefit employee plan (refer note 14 below)

The accounting policies are applied consistently to all the periods presented in the financial statements. All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

The financial statements are presented in INR, the functional currency of the Company and is rounded off to the nearest lakhs except otherwise indicated.

2. Use of Estimates and judgments:

The preparation of the financial statements requires the Management to make, judgments, estimates and assumptions that affect the

reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates. The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the management and are based on historical experience and various other assumptions and factors (including expectations of future events) that the management believes to be reasonable under the existing circumstances. Actual results may differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

Critical accounting judgments and key source of estimation uncertainty

The Company is required to make judgments, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. The estimates and underlying assumptions are reviewed on an on-going basis.

- (a) Recognition and measurement of defined benefit obligations, key actuarial assumptions - refer note 14 below.
- (b) Estimation of current tax expenses and payable - refer note 15 below.
- (c) Estimation of Right-of-Use and Lease Liabilities - refer note 20 below.

3. Property, plant and equipment (PPE)

Property, plant and equipment is stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any.

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the asset to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Subsequent expenditure and subsequent costs

are included in the assets carrying amount or recognized as a separate asset, as appropriate only if it is probable that the future economic benefits associated with the item will flow to the Company and that the cost of the item can be reliably measured.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

Assets that are subject to depreciation and amortization are reviewed for impairment, whenever events or changes in circumstances indicate that carrying amount may not be recoverable.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

4. Intangible assets

Intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

5. Depreciation and Amortization:

(a) Property plant and equipment (PPE)

Depreciation is provided on a pro-rata basis on the straight line method based on estimated useful life prescribed under Schedule II to the Companies Act, 2013.

The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively, if appropriate.

(b) Intangible assets

The useful lives of intangible assets are assessed as either finite or indefinite. Finite-life intangible assets are amortised on a straight-line basis over the period of their expected useful lives.

The amortisation period and the amortisation method for finite life intangible assets is reviewed at each financial year end and adjusted prospectively, if appropriate. For indefinite life intangible assets, the assessment of indefinite life is reviewed annually to determine whether it continues, if not, it is impaired or changed prospectively on the basis of revised estimates. assessment of indefinite life is reviewed annually to determine whether it continues, if not, it is impaired or changed prospectively on the basis of revised estimates.

6. Investment Properties:

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as

investment property. Investment property is measured at its cost, including related transaction costs and where applicable borrowing costs less depreciation and impairment if any.

Depreciation on Investment Property is provided using the written down value method based on the useful lives specified in Schedule II to the Companies Act, 2013.

7. Financial Instruments:

Financial assets - Initial recognition:

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments. On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Subsequent measurement:

Financial assets are subsequently classified and measured at:

- amortised cost
- fair value through profit & loss (FVTPL)
- fair value through other comprehensive income (FVTOCI)

The above classification is being determined considering the:

- (a) the entity's business model for managing the financial assets and
- (b) the contractual cash flow characteristics of the financial asset.

Financial assets are not reclassified subsequent to their recognition, except if and in the period the company changes its business model for managing financial assets.

(i) Measured at amortised cost:

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset that give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Measured at fair value through other comprehensive income (FVTOCI):

Financial assets are measured at FVTOCI, if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the

principal amount outstanding and by selling financial assets. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the Effective Interest Rate method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

(iii) Measured at fair value through profit or loss (FVTPL):

Financial assets other than equity instrument are measured at FVTPL unless it is measured at amortised cost or at FVTOCI on initial recognition. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

Equity instruments:

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to Statement of Profit and Loss on disposal of the investments.

Dividends on these investments in equity instruments are recognised in Statement of Profit and Loss when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in Statement of Profit and Loss are included in the 'Other income' line item.

Impairment

The Company recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVTOCI. The credit loss is difference between all contractual cash flows that

are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward looking.

The Company's trade receivables or contract revenue receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance.

Under simplified approach, the Company does not track changes in credit risk. Rather it recognizes impairment loss allowance based on the lifetime ECL at each reporting date right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For financial assets other than trade receivables, the Company recognises 12-months expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12 months ECL. The impairment losses and reversals are recognised in Statement of Profit and Loss. For equity instruments and financial assets measured at FVTPL, there is no requirement of impairment testing.

De-recognition

The Company derecognises a financial asset when the contractual rights to the cash flows from

the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement.

In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Financial Liabilities

Initial Recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Company's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement : Financial liabilities measured at amortised cost are subsequently measured at using Effective Interest Rate (EIR) method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Loans & Borrowings: After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process.

Financial Guarantee Contracts : Financial guarantee contracts issued by the Company are those contracts that requires payment to be made or to be reimbursed to the holder for a loss it incurs because the specified debtor fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or

cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Derivative financial instruments

The Company uses derivative financial instruments, such as forward foreign exchange contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value, with changes in fair value recognised in Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

8. Fair Value Measurement

The Company measures financial instruments, such as, derivatives, investments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (a) In the principal market for the asset or liability, or
- (b) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's

ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- (i) Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- (ii) Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- (iii) Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

9. Inventory

Inventories are valued at the lower of cost and net realisable value. Cost is computed on First-in-First-Out (FIFO) basis. Cost of finished goods and work-in-progress include all costs of purchases, conversion costs and other costs incurred in bringing the inventories to their present location and condition. The net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make the sale.

10. Cash and Cash Equivalents:

Cash and Cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly

liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value where original maturity is three months or less.

11. Foreign Currency Transactions:

a) Initial Recognition

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year.

b) Measurement of Foreign Currency Items at the Balance Sheet Date

Foreign currency monetary items of the Company are restated at the closing exchange rates. Non monetary items are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising out of these transactions are charged to the Statement of Profit and Loss.

12. Revenue Recognition:

Revenue is measured at the value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates, discounts, loyalty discount, value added taxes and amounts collected on behalf of third parties.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below :

Sale of Goods

Revenues are recognized at a point in time when control of the goods passes to the buyer, usually upon either at the time of dispatch or delivery. In case of export sale, it is usually recognised based on the shipped-on board date as per bill of lading.

Rendering of Services

Income from services rendered is recognised based on agreements /arrangements with the customers as the service is performed / rendered.

Interest

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the interest rate applicable and based on Effective interest rate method.

Dividend

Dividend Income is recognized when right to receive the same is established.

13. Investment in subsidiaries

Investments in equity shares of subsidiaries are recorded at cost and reviewed for impairment at each reporting date. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, the difference between net disposal proceeds and the carrying amounts are recognised in the Statement of Profit and Loss.

14. Employee Benefits:

The Company has provided following post-employment plans:

- (a) Defined benefit plans such a gratuity and
- (b) Defined contribution plans such as Provident fund

a) Defined-benefit plan:

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligations is calculated annually by actuaries through actuarial valuation using the projected unit credit method.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (a) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- (b) Net interest expense or income"

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expenses in the statement of the profit & loss.

Re-measurement comprising of actuarial gains and losses arising from

- (a) Re-measurement of Actuarial (gains)/losses
 - (b) Return on plan assets, excluding amount recognized in effect of asset ceiling
 - (c) Re-measurement arising because of change in effect of asset ceiling
- are recognised in the period in which they

occur directly in Other comprehensive income. Re-measurement are not reclassified to profit or loss in subsequent periods.

Ind AS 19 requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Company determines the assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also interdependency between some of the assumptions.

b) Defined-contribution plan:

Under defined contribution plans, provident fund, the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined Contribution plan comprise of contributions to the employees' provident fund with the government, superannuation fund and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Company's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

15. Taxes on Income:

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

Current tax is based on taxable profit for the year. Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items that are never taxable or tax deductible. Tax provisions are included in current liabilities. Interest and penalties on tax liabilities are provided for in the tax charge. The Company offsets, the current tax assets and liabilities (on a year on year basis) where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis or to realise the assets and liabilities on net basis.

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for

deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax assets are not recognised where it is more likely than not that the assets will not be realised in the future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

16. Borrowing Cost:

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of Cost of that assets, during the period till all the activities necessary to prepare the Qualifying assets for its intended use or sale are complete during the period of time that is required to complete and prepare the assets for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are recognized as an expense in the period in which they are incurred.

17. Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

18. Earnings Per Share:

Basic earnings per shares are calculated by dividing the net profit or loss after tax for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

19. Measurement of EBITDA

The Company has opted to present earnings before interest (finance cost), tax, depreciation and amortisation (EBITDA) as a separate line item on the face of the Statement of Profit and Loss for the period. The Company measures EBITDA based on profit/(loss) from continuing operations.

20. Leases:

The Company has adopted Ind AS 116-Leases using the modified retrospective method. The Company has applied the standard to its leases with the cumulative impact recognised on the date of initial application.

The Company's lease asset classes primarily consist of leases for Land, Buildings and Plant & Machinery. The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset
- the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease. straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made. A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

21. Current / non current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The company has identified twelve months as its operating cycle.

22. Events after reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the Financial Statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

23. Provisions, Contingent Liabilities and Contingent Assets:

A provision is recognised if, as a result of a past event, the company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognized nor disclosed in financial statements.

D. Assumptions

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date.

The significant actuarial assumptions were as follows:

	As at 31st March 2026	As at 31st March 2025
Financial Assumptions		
Discount rate	7.53%	6.82%
Salary Escalation Rate	5.00%	5.00%

E. Sensitivity

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

(₹ in Lakhs)

	Impact on defined benefit obligation		
	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	1.00%	93.01	112.99
Salary Escalation Rate	1.00%	111.94	93.75

The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous period.

41 Financial instruments

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

The carrying amounts and fair values of financial instruments by category are as follows:

Fair value estimation

For financial instruments measured at fair value in the Balance Sheet, a three level fair value hierarchy is used that reflects the significance of inputs used in the measurements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

- Level 1: quoted prices for identical instruments
- Level 2: directly or indirectly observable market inputs, other than Level 1 inputs; and
- Level 3: inputs which are not based on observable market data.

For assets and liabilities which are carried at fair value, the classification of fair value calculations by category is summarised below:

(₹ in Lakhs)			
March 31, 2026	Level 1	Level 2	Level 3
Assets at fair value - Investments	3,848.87	-	-

(₹ in Lakhs)			
March 31, 2025	Level 1	Level 2	Level 3
Assets at fair value - Investments	3,371.82	-	-

There were no significant changes in classification and no significant movements between the fair value hierarchy classifications of financial assets and financial liabilities during the year.

42 Financial risk factors

The Company's principal financial liabilities comprise loans and borrowings, advances and trade and other payables. The purpose of these financial liabilities is to finance the Company's operations and to provide to support its operations. The Company's principal financial assets include loans, trade and other receivables and cash and cash equivalents that derive directly from its operations.

The Company's activities exposes it to Liquidity Risk, Market Risk and Credit risk. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised as below.

(a) Liquidity risk

The risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk management implies maintenance sufficient cash including availability of funding through an adequate amount of committed credit facilities to meet the obligations as and when due.

The Company manages its liquidity risk by ensuring as far as possible that it will have sufficient liquidity to meet its short term and long term liabilities as and when due. Anticipated future cash flows are expected to be sufficient to meet the liquidity requirements of the Company.

(i) Financing arrangements

The Company has access to the following undrawn borrowing facilities as at the end of the reporting period:

(₹ in Lakhs)		
Particulars	As at 31st March 2026	As at 31st March 2025
Secured working capital credit facility from Banks	13,097.21	5,269.10

(ii) The following is the contractual maturities of the financial liabilities:

Other financial liabilities	1,020.01	-	1,020.01	-
TOTAL	32,771.64	-	31,538.05	1,233.59

(b) **Market risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk includes investment, deposits, foreign currency receivables and payables. The Company's treasury team manages the Market risk, which evaluates and exercises independent control over the entire process of market risk management.

(i) **Foreign currency risk**

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company has foreign currency loan and trade payables and is therefore exposed to foreign exchange risk. The exchange rates have been volatile in the recent years and may continue to be volatile in the future. Hence the operating results and financials of the Company may be impacted due to volatility of the rupee against foreign currencies.

As at 31st March 2025		
- In AED	542.87	252.71
- In equivalent INR	12,628.53	6,437.17

(ii) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. According to the Company, interest rate risk exposure is only for floating rate borrowings. The Company is not significantly exposed to the interest rate risk, since the borrowings of the Company are on Fixed interest rate basis.

(iii) Commodity risk

Commodity price risk arises due to fluctuation in prices of crude oil. Volatility in Crude Oil prices, Currency fluctuation of Rupee vis-à-vis other prominent currencies coupled with demand-supply scenario in the world market affect the effective price and availability. The Company manages this risk by widening its source base, appropriate contracts and commitments and well planned procurement.

(c) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations. The Company is exposed to credit risks from its operating activities, primarily trade receivables, cash and cash equivalents, deposits with banks and other financial instruments. Credit risk is managed by the Company through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business.

The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risks on an ongoing basis throughout each reporting period.

To assess whether there is a significant change increase in credit risk, the Company compares the risks of default occurring on the assets as at the reporting date with the risk of default as at the date of initial recognition. It considers the reasonable and supportive forward looking information such as:

- Actual or expected significant adverse changes in business.
- Actual or expected significant changes in the operating results of the counterparty.
- Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations.
- Significant increase in credit risk on other financial instruments of same counter party.

43 (a) Capital management

The Company's objectives when managing capital are to :

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may issue new shares, adjust the amount of dividends paid to shareholders etc. The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

The Company monitors capital using a gearing ratio being a ratio of net debt as a percentage of total capital.

AGARWAL INDUSTRIAL CORPORATION LIMITED

AUDITED CONSOLIDATED FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED MARCH 31, 2026

INDEPENDENT AUDITOR'S REPORT

To The Members of **Agarwal Industrial Corporation Limited**

Report on the Consolidated Financial Statements

1. We have audited the consolidated financial statements of **Agarwal Industrial Corporation Limited** (hereinafter referred to as "the Holding Company") and its subsidiaries, **Bituminex Cochin Private Limited, AICL Overseas FZ LLC, Agarwal Translink Private Limited, AICL Finance Private Limited and Konkan Storage Systems (Karwar) Private Limited** (the holding company and its subsidiaries constitute "the Group"), which comprise the consolidated Balance Sheet as at 31st March 2026, and the consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement for the year then ended and, notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").
2. In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act,

statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March 2026, and of their consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows statement for the year ended on that date.

Basis of Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial

5. The Key Audit Matter	How was the matter addressed in our audit
Revenue is one of the key profit drivers and is therefore susceptible to misstatement. Cut-off is the key assertion insofar as revenue recognition is concerned, since an inappropriate cut-off can result in material misstatement of result for the year.	Our audit procedures with regard to revenue recognition included testing controls, automated and manual, around dispatches / deliveries, inventory reconciliations and circularization of receivable balances, substantive testing of cut-off and analytical review procedure.

Information other than the financial statements and auditors' report thereon

6. The Holding Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Holding Company's Annual Report, but does not include the consolidated financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.
7. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
8. In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit

or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

9. The Holding Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated state of affairs, consolidated profit and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective management and board of directors of the companies included in the group are responsible for maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of each company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
10. In preparing the consolidated financial statements, respective management and Board of Directors of the companies included in the group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective board of directors intends to liquidate the company or to cease operations, or has no realistic alternative but to do so. The respective Board of Directors of the companies included in the group is also responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable

assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

12. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also :
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
 - Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on internal financial controls with reference to the consolidated financial statements and the operating effectiveness of such controls based on our audit.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the consolidated financial statements made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements, of which we are the independent auditors. We are responsible for the direction, supervision and performance of the audit of financial information of such entities. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in the section titled 'Other Matters' in this audit report.

We believe that the audit evidence obtained by us along with the consideration of audit reports of the other auditors referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

- Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

- We did not audit the financial statements of Bituminex Cochin Private Limited, AICL Overseas FZ-LLC, Agarwal Translink Private Limited, AICL Finance Private Limited and Konkan Storage Systems (Karwar) Private Limited, subsidiaries included in the consolidated financial statements, whose financial statements reflect total assets (before consolidation adjustment) of Rs. 69,417.16 lakhs as at 31st March, 2026, total revenues (before consolidation adjustment) of Rs. 33,846.60 lakhs, total net profit after tax (before consolidation adjustment) of Rs. 910.64 lakhs, total comprehensive income of Rs. 3,234.50 lakhs and net cash out flows (before consolidation adjustment) (net) of Rs. 472.64 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in-so-far as it relates to aforesaid subsidiaries, is based solely on the report of the other auditors.

- Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditor.

Report on other Legal and Regulatory Requirements

- As required by section 197(16) of the Act, in our opinion and according to the information and explanations given to us and based on the reports of the statutory auditors of subsidiary companies which were not audited by us, we report that the Holding Company, and its subsidiary company incorporated in India and covered under the Act, paid

remuneration to their respective directors during the year in accordance with the provisions of and limits laid down under section 197 of the Act read with Schedule V to the Act.

20. As required by section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate financial statements of such subsidiaries as were audited by other auditors, as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of aforesaid consolidated financial statements.
- b) In our opinion proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including other comprehensive income, Consolidated Statement of Change in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act.
- e) On the basis of written representations received from the directors of the Holding Company as on 31st March 2026, taken on record by the Board of Directors of the Holding Company and on the basis of the report of the statutory auditor of its subsidiary companies incorporated in India, none of the directors is disqualified as on 31st March 2026, from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our report in "Annexure A" which is based on the auditors' reports of the Parent Company and subsidiary company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to Consolidate Financial Statements of those companies.

g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiary, as noted in the 'Other Matters' paragraph:

- i) The Consolidated financial statements disclosed the impact of pending litigation as at 31st March 2026 on the consolidated financial position of the Group – Refer Note 37 to the consolidated financial statements;
- ii) The Group did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses; and
- iii) There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Parent and its subsidiary company incorporated in India.
- iv) (a) The respective managements of the parent and its subsidiary incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiary, to the best of their knowledge and belief, as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the group to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the group ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The respective Management of the Parent and its subsidiary which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiary, to the best of their knowledge and belief, as disclosed in the notes to accounts,

no funds have been received by the group from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the group shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v) The dividend proposed in the previous year, declared and paid by the Parent during the year is in accordance with Section 123 of the Act, as applicable.

As stated in Note 15(A) to the Consolidated Financial Statements, the Board of Directors of the Parent have proposed dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with Section 123 of the Act, as applicable.

- vi) Based on our examination, which included test checks, and based on the other auditor's report of its subsidiary company incorporated

in India whose financial statements have been audited under the Act, the Group has used accounting software for maintaining its books of account for the financial year ended 31 March, 2026 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software.

Further, during the course of audit, we and respective other auditors of subsidiary company incorporated in India, whose reports have been furnished to us by the Management of the Parent, have not come across any instance of the audit trail feature being tampered with. Additionally, where the audit trail (edit log) facility was enabled and operated in the previous year, the audit trail has been preserved by the Parent and above referred subsidiary companies incorporated in India as per the statutory requirements for record retention.

- 21. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO"/ "the Order") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us and based on the CARO reports issued by us for the Company and on consideration of CARO reports by statutory auditors of subsidiaries included in the consolidated financial statements of the Company to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the said companies included in the Consolidated Financial Statements.

Annexure A to Independent Auditor's Report

Referred to as 'Annexure A' in paragraph 20(f) of the Independent Auditors' Report of even date to the members of **Agarwal Industrial Corporation Limited** on the consolidated financial statements for the year ended on 31st March, 2026.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of **Agarwal Industrial Corporation Limited** ("the Holding Company") and its subsidiary company which are incorporated in India, as on 31st March, 2026 in conjunction with our audit of the consolidated financial statements of the Company for the year ended and as on that date.

Management's Responsibility for Internal Financial Controls

2. The Respective Board of Directors of the Holding Company and its subsidiary company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("the Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Holding Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls over financial reporting. Those Standards and the

Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor of the subsidiary company incorporated in India, in terms of their reports referred to in sub-paragraph 9 of the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use,

or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company and its subsidiary company incorporated in India, have, in all material respects, an adequate internal financial

controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2026, based on the internal control over financial reporting criteria established by the Company and its subsidiary company incorporated in India considering the essential components of internal control stated in the Guidance Note.

Other Matter

9. Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to its subsidiary company incorporated in India, is based on the corresponding reports of the auditors of such company incorporated in India.
10. Our opinion is not modified in respect of the above matters.

1 (B). MATERIAL ACCOUNTING POLICIES

1. Basis of Preparation of Consolidated Financial Statements:

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting standards) Rules as amended from time to time and other related provisions of the Act.

The consolidated financial statements of the Group are prepared on the accrual basis of accounting and historical cost convention except for the following material items that have been measured at fair value as required by the relevant Ind AS:

- (i) Certain financial assets and liabilities are measured at Fair value (refer note 7 below)
- (ii) Defined benefit employee plan (refer note 13 below)

The accounting policies are applied consistently to all the periods presented in the consolidated financial statements. All assets and liabilities have been classified as current or non current as per the Group's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

Basis of Consolidation

The consolidated financial statements comprise the financial statements of the Parent Company and its subsidiaries as at 31st March, 2026.

Subsidiaries

Subsidiaries are entities over which the Group has control. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Specifically, the Group controls an investee if and only if the Group has

- (a) Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- (b) Exposure, or rights, to variable returns from its involvement with the investee
- (c) The ability to use its power over the investee to affect its returns

Consolidation of a subsidiary begins when the group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary.

Consolidation Procedure

Subsidiaries

- (a) Combine, on line by line basis like items of assets, liabilities, equity, income, expenses and cash flows of the Parent with those of its subsidiaries.
- (b) Offset (eliminate) the carrying amount of the Parent's investment in each subsidiary and the Parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- (c) Eliminate in full intra-group assets and liabilities, equity, income, expenses and Cash flows relating to transactions between entities of the group (profits or losses resulting from intra-group transactions that are recognised in assets, such as inventory and property, plant and equipment (PPE), are eliminated in full). Intra-group losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intra-group transactions.
- (d) Profit or loss and each component of other comprehensive income are attributed to the owners of the Parent Company and to the noncontrolling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Parent Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.
- (e) Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like

transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

Changes in the Group's ownership interest in existing subsidiaries:

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the group.

When the Group loses control of a subsidiary, a gain or loss is recognised in consolidated statement of profit and loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any noncontrolling interests.

The consolidated financial statements are presented in INR, the functional currency of the Group and is rounded off to the nearest lakhs except otherwise indicated.

2. Use of Estimates and judgments:

The preparation of the consolidated financial statements requires the Management to make, judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates. The estimates and judgements used in the preparation of the consolidated financial statements are continuously evaluated by the management and are based on historical experience and various other assumptions and factors (including expectations of future events) that the management believes to be reasonable under the existing circumstances. Actual results may differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

Critical accounting judgements and key source of estimation uncertainty

The Group is required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. The estimates and underlying assumptions are reviewed on an on-going basis.

- (a) Recognition and measurement of defined benefit obligations, key actuarial assumptions - refer note 13 below.
- (b) Estimation of current tax expenses and payable - refer note 14 below
- (c) Estimation of Right-of-Use and Lease Liabilities - refer note 19 below

3. Property, plant and equipment (PPE)

Property, plant and equipment is stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any.

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the asset to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Subsequent expenditure and subsequent costs are included in the assets carrying amount or recognized as a separate asset, as appropriate only if it is probable that the future economic benefits associated with the item will flow to the Group and that the cost of the item can be reliably measured.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

Assets that are subject to depreciation and amortization are reviewed for impairment, whenever events or changes in circumstances indicate that carrying amount may not be recoverable.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

4. Intangible assets

Intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

5 Depreciation and Amortization:

(a) Property plant and equipment (PPE)

Depreciation is provided on a pro-rata basis on the straight line method based on estimated useful life prescribed under Schedule II to the Companies Act, 2013. The Group, based on technical assessment made by technical experts, have estimated the useful live of 35 years of ocean going bulk carriers ship from their making year which, managment belives is realistic and reflect fair approximation of the period over which ships are likely to be used.

The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively, if appropriate.

(b) Intangible assets

The useful lives of intangible assets are assessed as either finite or indefinite. Finite-life intangible assets are amortised on a straight-line basis over the period of their expected useful lives.

The amortisation period and the amortisation method for finite life intangible assets is reviewed at each financial year end and adjusted prospectively, if appropriate. For indefinite life intangible assets, the assessment of indefinite life is reviewed annually to determine whether it continues, if not, it is impaired or changed prospectively on the basis of revised estimates.

6. Investment Properties:

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Group, is classified as investment property. Investment property is measured at its cost, including related transaction costs and where applicable borrowing costs less depreciation and impairment if any.

Depreciation on Investment Property is provided using the written down value method based on the useful lives specified in Schedule II to the Companies Act, 2013.

7. Financial Instruments:

Financial assets - Initial recognition:

Financial assets are recognised when the Group becomes a party to the contractual provisions of the instruments. On initial recognition, a financial asset is recognised at fair value, in case of Financial assets

which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Subsequent measurement:

Financial assets are subsequently classified and measured at:

- amortised cost
- fair value through profit & loss (FVTPL)
- fair value through other comprehensive income (FVTOCI)

The above classification is being determined considering the:

- (a) the entity's business model for managing the financial assets and
- (b) the contractual cash flow characteristics of the financial asset.

Financial assets are not reclassified subsequent to their recognition, except if and in the period the group changes its business model for managing financial assets.

(i) Measured at amortised cost:

Financial assets are subsequently measured at amortised cost, if these financial assets are held within a business module whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset that give rise on specified date to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Measured at fair value through other comprehensive income (FVTOCI):

Financial assets are measured at FVTOCI, if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the Effective Interest Rate method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

(iii) Measured at fair value through profit or loss (FVTPL):

Financial assets other than equity instrument are measured at FVTPL unless it is measured at amortised cost or at FVTOCI on initial recognition. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

Equity instruments:

On initial recognition, the Group can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to Statement of Profit and Loss on disposal of the investments.

Dividends on these investments in equity instruments are recognised in Statement of Profit and Loss when the Group's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in Statement of Profit and Loss are included in the 'Other income' line item.

Impairment

The Group recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVTOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward looking.

The Group's trade receivables or contract revenue receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time

expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance.

Under simplified approach, the Group does not track changes in credit risk. Rather it recognizes impairment loss allowance based on the lifetime ECL at each reporting date right from its initial recognition. The Group uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For financial assets other than trade receivables, the Group recognises 12-months expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, then the Group reverts to recognizing impairment loss allowance based on 12 months ECL. The impairment losses and reversals are recognised in Statement of Profit and Loss. For equity instruments and financial assets measured at FVTPL, there is no requirement of impairment testing.

De-recognition

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement.

In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Financial Liabilities

Initial Recognition and measurement

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments. Financial liabilities are initially

recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Group's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement : Financial liabilities measured at amortised cost are subsequently measured at using Effective Interest Rate (EIR) method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Loans & Borrowings : After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process.

Financial Guarantee Contracts : Financial guarantee contracts issued by the Group are those contracts that require payment to be made or to be reimbursed to the holder for a loss it incurs because the specified debtor fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Derivative financial instruments

The Group uses derivative financial instruments, such as forward foreign exchange contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value, with changes in fair value recognised in Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet

if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

8. Fair Value Measurement

The Group measures financial instruments, such as, derivatives, investments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (a) In the principal market for the asset or liability, or
- (b) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- (i) **Level 1** - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- (ii) **Level 2** - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- (iii) **Level 3** - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

9. Inventory :

Inventories are valued at the lower of cost and net realisable value. Cost is computed on First-in-First-Out (FIFO) basis. Cost of finished goods and work-in-progress include all costs of purchases, conversion costs and other costs incurred in bringing the inventories to their present location and condition. The net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make the sale.

10. Cash and Cash Equivalents:

Cash and Cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value where original maturity is three months or less.

11. Foreign Currency Transactions:

a) Initial Recognition

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year.

b) Measurement of Foreign Currency Items at the Balance Sheet Date

Foreign currency monetary items of the Group are restated at the closing exchange rates. Non monetary items are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising out of these transactions are charged to the Statement of Profit and Loss.

c) Translation of Financial Statements of foreign entities

On Consolidation, the assets and liabilities of foreign operations are translated into Indian Rupees at the exchange rate prevailing at the reporting date and their statements of profit and loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, group uses an average rate to translate income and expenses items. The exchange difference arising on translation for consolidation are recognised in Consolidated Statement of

OCI.

12. Revenue Recognition:

Revenue is measured at the value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates, discounts, loyalty discount, value added taxes and amounts collected on behalf of third parties.

The Group recognizes revenue, whenever control over distinct goods or services is transferred to the customer; i.e. when the customer is able to direct the use of the transferred goods or services and obtains substantially all of the remaining benefits, provided a contract with enforceable rights and obligations exists and amongst others collectability of consideration is probable taking into account customer's creditworthiness. It is probable that future economic benefits will flow to the Group and specific criteria have been met for each of the Group's activities as described below.

Sale of Goods

Revenues are recognized at a point in time when control of the goods passes to the buyer, usually upon either at the time of dispatch or delivery. In case of export sale, it is usually recognised based on the shipped-on board date as per bill of lading.

Rendering of Services

Income from services rendered is recognised based on agreements /arrangements with the customers as the service is performed / rendered.

Interest

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the interest rate applicable and based on Effective interest rate method.

Dividend

Dividend Income is recognized when right to receive the same is established.

13. Employee Benefits:

The Group has provides following post-employment plans:

- (a) Defined benefit plans such a gratuity and
- (b) Defined contribution plans such as Provident fund

a) Defined-benefit plan:

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligations is calculated annually by actuaries through

actuarial valuation using the projected unit credit method.

The Group recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (a) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- (b) Net interest expense or income

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expenses in the statement of the profit & loss.

Re-measurement comprising of actuarial gains and losses arising from

- (a) Re-measurement of Actuarial (gains)/ losses
- (b) Return on plan assets, excluding amount recognized in effect of asset ceiling
- (c) Re-measurement arising because of change in effect of asset ceiling

are recognised in the period in which they occur directly in Other comprehensive income. Re-measurement are not reclassified to profit or loss in subsequent periods.

Ind AS 19 requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Group determines the assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also interdependency between some of the assumptions.

b) Defined-contribution plan:

Under defined contribution plans, provident fund, the Group pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined Contribution plan comprise of contributions to the employees' provident fund with the government, superannuation fund and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Group's

payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

14. Taxes on Income:

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

Current tax is based on taxable profit for the year. Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items that are never taxable or tax deductible. Tax provisions are included in current liabilities. Interest and penalties on tax liabilities are provided for in the tax charge. The Group offsets, the current tax assets and liabilities (on a year on year basis) where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis or to realise the assets and liabilities on net basis.

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax assets are not recognised where it is more likely than not that the assets will not be realised in the future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

15. Borrowing Cost:

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of Cost of that assets, during the period till

all the activities necessary to prepare the Qualifying assets for its intended use or sale are complete during the period of time that is required to complete and prepare the assets for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are recognized as an expense in the period in which they are incurred.

16. Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker of the Parent Company.

17. Earnings Per Share:

Basic earnings per shares are calculated by dividing the net profit or loss after tax for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

18. Measurement of EBITDA

The group has opted to present earnings before interest (finance cost), tax, depreciation and amortisation (EBITDA) as a separate line item on the face of the Statement of Profit and Loss for the period. The Group measures EBITDA based on profit/(loss) from continuing operations.

19. Leases:

The Group has adopted Ind AS 116-Leases using the modified retrospective method. The Group has applied the standard to its leases with the cumulative impact recognised on the date of initial application.

The Group's lease asset classes primarily consist of leases for Land, Buildings and Plant & Machinery. The Group assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- the contract involves the use of an identified asset
- the Group has substantially all of the economic benefits from use of the asset through the period of the lease and

- (c) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made. A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

20. Current / non current classification

The Group presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

21. Events after reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the Financial Statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

22. Provisions, Contingent Liabilities and Contingent Assets:

A provision is recognised if, as a result of a past event, the group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Group from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognized nor disclosed in financial statements.

Discount rate	1.00%	119.07	143.95
Salary Escalation Rate	1.00%	143.06	119.63

The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous period.

40 Financial instruments

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Group based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

The carrying amounts and fair values of financial instruments by category are as follows:

As at March 31, 2026

Fair value estimation

For financial instruments measured at fair value in the Balance Sheet, a three level fair value hierarchy is used that reflects the significance of inputs used in the measurements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

- Level 1: quoted prices for identical instruments
- Level 2: directly or indirectly observable market inputs, other than Level 1 inputs; and
- Level 3: inputs which are not based on observable market data.

For assets and liabilities which are carried at fair value, the classification of fair value calculations by category is summarised below:

(₹ in Lakhs)

March 31, 2026	Level 1	Level 2	Level 3
Assets at fair value - Investments	3,848.87		

(₹ in Lakhs)

March 31, 2025	Level 1	Level 2	Level 3
Assets at fair value - Investments	3,371.82		

There were no significant changes in classification and no significant movements between the fair value hierarchy classifications of financial assets and financial liabilities during the year.

41 Financial risk factors

The Group's principal financial liabilities comprise loans and borrowings, advances and trade and other payables. The purpose of these financial liabilities is to finance the Group's operations and to provide to support its operations. The Group's principal financial assets include trade and other receivables and cash and cash equivalents that derive directly from its operations.

The Group's activities exposes it to Liquidity Risk, Market Risk and Credit risk. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised as below.

(a) Liquidity risk

The risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk management implies maintenance sufficient cash including availability of funding through an adequate amount of committed credit facilities to meet the obligations as and when due.

The Group manages its liquidity risk by ensuring as far as possible that it will have sufficient liquidity to meet its short term and long term liabilities as and when due. Anticipated future cash flows are expected to be sufficient to meet the liquidity requirements of the Group.

(i) Financing arrangements

The Group has access to the following undrawn borrowing facilities as at the end of the reporting period:

(₹ in Lakhs)

Particulars	As at 31st March, 2026	As at 31st March, 2025
Secured working capital credit facility from Banks	13,174.81	5,317.76

(ii) The following is the contractual maturities of the financial liabilities:

(₹ in Lakhs)

Other financial liabilities	1,155.14	-	1,151.64	3.50
TOTAL	70,330.86	-	51,717.60	18,613.27

(b) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk includes investment, deposits, foreign currency receivables and payables. The Group's treasury team manages the Market risk, which evaluates and exercises independent control over the entire process of market risk management.

(i) Foreign currency risk :

Currency risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group has foreign currency borrowing and trade payables and is therefore exposed to foreign exchange risk. The exchange rates have been volatile in the recent years and may continue to be volatile in the future. Hence the operating results and financials of the Group may be impacted due to volatility of the rupee against foreign currencies.

- In equivalent INR	3,142.33
As at 31st March, 2025	
- In AED	542.87
- In equivalent INR	12,628.53

(ii) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. According to the Group, interest rate risk exposure is only for floating rate borrowings. The Group is not significantly exposed to the interest rate risk, since the borrowings of the Group are on Fixed interest rate basis.

(iii) Commodity risk

Commodity price risk arises due to fluctuation in prices of crude oil. Volatility in Crude Oil prices, Currency fluctuation of Rupee vis-à-vis other prominent currencies coupled with demand-supply scenario in the world market affect the effective price and availability. The Group manages this risk by widening its source base, appropriate contracts and commitments and well planned procurement.

(c) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counter-party fails to meet its contractual obligations. The Group is exposed to credit risks from its operating activities, primarily trade receivables, cash and cash equivalents, deposits with banks and other financial instruments.

Credit risk is managed by the Group through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Group grants credit terms in the normal course of business.

Trade and other receivables

The Group considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risks on an ongoing basis throughout each reporting period.

To assess whether there is a significant change increase in credit risk, the Group compares the risks of default occurring on the assets as at the reporting date with the risk of default as at the date of initial recognition. It considers the reasonable and supportive forward looking information such as:

- Actual or expected significant adverse changes in business.
- Actual or expected significant changes in the operating results of the counterparty.
- Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations.
- Significant increase in credit risk on other financial instruments of same counter party.

42 (a) Capital management

The Group's objectives when managing capital are to :

- (i) safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- (ii) maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Parent Company may issue new shares, adjust the amount of dividends paid to shareholders etc. The Group's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Group will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

The Group monitors capital using a gearing ratio being a ratio of net debt as a percentage of total capital.

47 Recent accounting pronouncements

A) New Standards issued or amendments to the existing standard but not yet effective :

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

During the year, the MCA has issued an amendment for removal of carve-out under Ind AS 1, Presentation of financial statements relating to classification of liabilities subject to covenants breach which is applicable with effect from 1st April 2026. The group has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in consolidated financial statements.
